Caree,

Thank you for reaching out regarding our application. I wanted to reach out to introduce myself (Assist Project Manager) and Zach Larson (Project Manager) for this project. If you could please include us on any future emails that would be great. This will help expediate responses.

I have answered your questions in **red** below.

Would you be interested in a meeting for 30 minutes or an hour? My thought is we could discuss our project/application we submitted if that would be helpful.

Please reach out with any questions.

Thank you,

Hello,

I am the Corps PM that will be reviewing this project. Thank you for the substantive application!

Please verify/clarify the impacts for the proposed action, and if I left anything out:

Roadway crossing: 9.78 ac perm wetland/2.30 ac temp wetland (Correct)

\*Need to know stream impacts resulting solely from the road crossing/bridge in linear feet (295')

Stream Restoration:

14.44 ac of temp wetlands impacts (Correct)

1.3 ac/3,800 linear feet of backfilled channelized channel (1.73 acres) and 3,800 of existing stream being filled.

5,400 feet of restored channel (Correct)

Thanks –

In Service,

Caree Kovacevich

Information on Corps of Engineers Regulatory Program status during the COVID-19 pandemic can be found at: <https://www.mvp.usace.army.mil/missions/regulatory>

We are pleased to introduce our new paperless communication procedures in Wisconsin. Requests for action (pre-application consultations, permit applications, requests for delineation concurrences, requests for jurisdictional determinations, and mitigation bank proposals) should be sent directly to the following email: [usace\\_requests\\_wi@usace.army.mil](mailto:usace_requests_wi@usace.army.mil). Please include the county name in the subject line of the email (e.g. Washington County). These changes will improve efficiency, reduce costs and reduce environmental footprint. Additional information can be found in our public notice located here: <http://www.mvp.usace.army.mil/Missions/Regulatory.aspx>
