Hi Tyler,

1. I'll let you know when it is posted. It is separate from the WDNR. Should be this week or early next week.
2. It is posted to our PN website on the Corps St. Paul District Reg website. It also has an RSS

feed where the public can elect to receive notifications for some or all PNs that we publish.

Hi Caree,

Please see attached.

Two questions on our end:

1. Can you provide the date in which public notice will be released? Assume this is a separate notice than the WDNR?
2. Where is the public notice posted (e.g. online, paper, etc.)?

Please reach out with any questions.

Thank you,

Hi Tyler,

Thanks for the info- I'm just gathering enough info at this time to get our public notice out. I'll let you know if I need a meeting to go over any other questions.

Your cultural review is listed in the app attachments but I don't see it included- please forward to me.

Thanks-

Caree,

Thank you for reaching out regarding our application. I wanted to reach out to introduce myself (Assist Project Manager) and Zach Larson (Project Manager) for this project. If you could please include us on any future emails that would be great. This will help expediate responses.

I have answered your questions in **red** below.

Would you be interested in a meeting for 30 minutes or an hour? My thought is we could discuss our project/application we submitted if that would be helpful.

Please reach out with any questions.

Thank you,

External Mail. Careful of links / attachments. Submit Helpdesk if unsure.

Hello,

I am the Corps PM that will be reviewing this project. Thank you for the substantive application!

Please verify/clarify the impacts for the proposed action, and if I left anything out:

Roadway crossing: 9.78 ac perm wetland/2.30 ac temp wetland (Correct)

*Need to know stream impacts resulting solely from the road crossing/bridge in linear feet (295')

Stream Restoration:

14.44 ac of temp wetlands impacts (Correct)

1.3 ac/3,800 linear feet of backfilled channelized channel (1.73 acres) and 3,800 of existing stream being filled.

5,400 feet of restored channel (Correct)

Thanks –

Information on Corps of Engineers Regulatory Program status during the COVID-19 pandemic can be found at: <https://www.mvp.usace.army.mil/missions/regulatory>

We are pleased to introduce our new paperless communication procedures in Wisconsin. Requests for action (pre-application consultations, permit applications, requests for delineation concurrences, requests for jurisdictional determinations, and mitigation bank proposals) should be sent directly to the following email: usace_requests_wi@usace.army.mil. Please include the county name in the subject line of the email (e.g. Washington County). These changes will improve efficiency, reduce costs and reduce environmental footprint. Additional information can be found in our public notice located here: <http://www.mvp.usace.army.mil/Missions/Regulatory.aspx>
