Dear Dan Glynn:

This letter accepts your application to perform Dam alteration and construct miscellaneous structures on the Yahara River, located in the SW 1/4, NE 1/4, Section 08, Township 05N, Range 11E, City of Stoughton, Dane County.

Our field staff are currently evaluating your proposal. Depending on the amount of information you provided and the complexity of your project, you may be asked to provide additional information so that a complete evaluation can be made. We will notify you of the final disposition of your application as soon as we complete our review.

If you have not already done so, please contact the Dane County and local municipal zoning offices to determine if a local permit is also required for your project. I have forwarded a copy of your application to the U.S. Army Corps of Engineers. They will advise you directly as to whether their regulations apply to your project.
