WPDES Permitted Farm

Manure Credits: 2nd Year

Strategy for applying manure adjacent to navigable water, conduits to navigable water or wetlands:

Annual crops: No applications within 25 ft; inject or immediatly incorporate in rest of SWQMA

Perennial crops: No applications within 25 ft; inject or immediatly incorporate in rest of SWQMA

Manure will be applied to the following fields with SWQMA and W soil restrictions:

For fields with W soil restrictions:

CAFO field areas that may have groundwater within 2 feet of surface at time of manure application will be verified prior to application for

(1) groundwater depth or

(2) presence of functioning drain tiles within all wet field areas to ensure groundwater depth is below 2 feet of surface.

These fields will have specific records of these investigations, including methods used, which will be maintained within the NMP.

Field Name / Crop Year	In SWQMA	Has W Soils	W Soil Acknowledged	2017	2018	2019	2020	2021
Bryerquart B-6	Yes	Yes	Yes	X	X	X	X	X
Bryerquart B-7	No	Yes	Yes	X	X	X	X	X
Bryerquart B-8	No	Yes	Yes	X	X	X	X	X
Bryerquart L-4	No	Yes	Yes		X	X	X	X
Bryerquart S-1	Yes	Yes	Yes	X	X	X	X	X
Bryerquart S-2	Yes	Yes	Yes	X	X	X	X	X

Field Name / Crop Year	In SWQMA	Has W Soils	W Soil Acknowledged	2017	2018	2019	2020	2021
Bryerquart S-3	Yes	No	NA	X	X	X	X	X
	X - Fields with manure applications							

This farm uses PI for P2O5 590 Compliance

Rotational Restriction Problems

No Rotational Problems found

Soil Test Problems

Field Name	Soil Test Date	Too Few Soil Samples	Soil Test Too Old
Bryerquart B-6	2012-03-22		X
Bryerquart L-4	2012-12-03		X

Application Restriction Problems

Field Name	Year	Problem	Explanation
Bryerquart S-1	2017	CAFOs are prohibited from applying manure when bedrock is within 24 inches of the surface.	Field has been checked for soil depth. Soils are deeper than 24".
Bryerquart S-2	2017	CAFOs are prohibited from applying manure when bedrock is within 24 inches of the surface.	Field has been checked for soil depth. Soils are deeper than 24".

Excess N Problems

No Excess N Problems found

Soil Test Problems Legend	
Too Few Soil Samples	Less than one sample per five acres.
Soil Test Data Too Old	Soil test is greater than 4 years old
