SUBJECT: CAFO WPDES Permit Application - Acknowledgment of Receipt
WPDES Permit No. WI-0065649

Dear Jeff Sauer:

The Department received your final application for issuance of a CAFO WPDES permit for Cumberland LLC on December 30, 2022. Based on the current application materials submitted, all required documents have been submitted for a substantial review to begin. Current application materials include the following:

1. Livestock/Poultry Operation WPDES Permit Application Forms 3400-025, 025B, 025G
2. Animal Unit Calculation Worksheet Form 3400-025A
3. Labeled Aerial Maps
4. Soil Survey Maps
5. EA Questionnaire
6. 180 Day Manure Storage Calculations
7. 180 Day Manure Storage Documentation
8. Nutrient Management Plan (NMP)
9. Waste Storage Facility; Days of Storage

I have distributed your application components to the appropriate DNR technical reviewers. As the review process continues, additional materials may be requested. The application will be considered complete after all application materials have been reviewed and found to require no further actions.

Your permit drafter is Tyler Dix. Tyler can be contacted at (608) 220-2096 or by e-mail to Tyler.Dix@wisconsin.gov. You should now work with them to continue processing your permit application.

Thank you for submitting a final permit application. Please do not hesitate to contact Tyler Dix or me if you have any questions about your application materials.

Sincerely,

Falon French
CAFO Intake Specialist
